**MAYOR'S ADDRESS**

Mayor Mobus thanked all the volunteers who serve on the Borough's Boards and Commissions for their service, and also to the Borough's staff for their support during his first year as Mayor. He welcomed Councilman Black and Councilwoman Cassidy as they begin their terms for the next

three years. He said 2011 was the year of the weathers - blizzards, droughts, hurricanes, a snow storm in October, and even an earthquake! Mayor Mobus said one of the challenges the Borough faced this year was multiple bear sightings, and when we reached out to the New Jersey Division of Fish and Wildlife for assistance were told to "shoo" the bears, or that a CD on what to do when you see a bear was available if we wanted it.

Mayor Mobus said the Borough has seen several changes this year. Police Chief Tim Wenzel who just finished his first year in this position is doing a great job. He said Ray Murray has filled the position of Tax Collector, vacant after Catherine Park's retirement. Jessica Rutihauser is doing a wonderful job as our new Assistant Treasurer, replacing Paula Heilman who retired after 25 years of service. When long time Clerk/Administrator Laureen Fellin retired in June, it took two people to replace her. The Borough hired Tom Atkins as part-time Administrator who served the Township of Scotch Plains for 28 years, and Michelle DeRocco moved up to fill the Clerk's position and is doing a wonderful job.

Mayor Mobus said it was his pleasure to go to Trenton with Emergency Service volunteers Fire Chief Skip Bell, Emergency Management Coordinator Gary Greves, and Rescue Squad Captain Adam Wexler, when their valiant efforts during Hurricane Irene were honored by Governor Chris Christie. He personally thanked these men for constant updates during the hurricane, enabling him to provide current information to many residents who were without power for a great length of time. Mayor Mobus also thanked Assemblyman Bramnick and Senator Tom Kean for their assistance during the storm, as they were able to get the power companies moving a little faster in our direction.

Mayor Mobus said next year he is looking for the school boards to submit fiscally responsible budgets, and he will be looking for additional ways to share services. He advised that this year, upon the retirement of Court Administrator Pamela Steves, an agreement was worked out with neighboring Mayor Mike Giordano of North Plainfield, to share a Court Administrator. He happily reported that this has been in effect since September, and working well and saving money for both towns.

Sustainable Certification is another goal the Borough is looking to attain, Mayor Mobus explained, saying Watchung was only 40 points short this year and should be achieving this soon. He said the Borough continues to keep up with changing technology and is saving \$6000. this year with a new payroll company that makes our payroll reporting computerized instead of submitting it manually. He thanked Engineer Tom Herits for attaining many grants for the Borough, enabling us to repair and improve many roads, and as he continues applying for grants - we hope to near completion of the Borough's goal to sewer the entire town.

Mayor Mobus said the 911 Memorial Committee is working diligently on a new memorial for the piece of World Trade Center steel we received, and he would like to see this completed and ready for our 911 Ceremony if possible. He said he also looks forward to the official dedication of the Texier House as our new Historical home.

Last but not least, Mayor Mobus said he is looking forward to working with all of you, and reminded residents he is always available for them, and that his number is listed in the phone book. He wished all a happy and healthy New Year.

He said the Borough is proud of their hard working and understanding staff, who all have worked for the past 2 years with no wage increase, furloughs, and increased deductions in their salaries. Councilman Franklin said he is praying for a better year. He said each year the Borough's task of providing a reasonable and responsible budget is more and more challenging due to state mandated caps and lost State aid. He said Watchung is a well managed town financially and our Auditor, Bob Swisher, assures us we are doing well.
